“ My mother and John's mother were sisters. My mother was Eunice Pennington Barr, I am Carole Ann Barr Saults 2 summers ago my brother Earl and I went and visited with John, he was very glad to accept us as we had;nt seen him for years, in fact I had never seen him. Then last summer my sister Lucille and I returned to visit John and are so glad we did. He looked and spoke much the same as our grandfather Pennington and our Uncle Jesse. He delighted our hearts with his humor and hospitality. Again this year while Lucille was here, we had planned to visit him only to find his obituary in the Saturday paper. We are thankful for the short time we did get to visit our cousin John.
