“ So very sorry to hear of the passing of Sandy. My husband and I both worked with her and Charlie at CCEMS for a very long time and became best of friends. She always had that smile no matter what kind of day she was having. We actually got to see her again several months ago and was thrilled to reminisce. Keeping the family in our prayers. “ So sad to think of Sandy being gone from us... I worked with Sandy in the ER for many years and we were close friends, She will be missed,, my heart goes out to the grandkids she loved so much,, they will never know just how much they meant to her. It is some comfort to know that she has reunited with her Dad, Mom, and Charlie, that she has missed so much since they went ahead... Sandy you will be remembered,, till we meet again friend. I will I had told you more often how special you were.

“ I am so so sorry about Sandys passing. Worked in the same room with her for many years. Her passing definitely will leave a void in so many lives, not only family but many friends as well. I'm not able to be at her memorial but my heart and thoughts will be with eveyone. RIP Sandy

“ I met Sandy, her mom and dad at Roll-A-Rama Skating Rink in Huntington around 1962. She and I were members of the competitive skating club there. She was around 5 years old and I was attending Huntington High School. We became very close friends and in 1965 I became her skating coach. I loved Sandy, she was like my little sister and an extremely talented skater. In 1970 I got a little poodle and Sandy named her Gidget. In the early 1970's I moved to Florida to coach for a Daytona Beach skating club and get married. I will never forget Sandy RIP.

“ So heart breaking that Sandy has passed away. She was taken from us much too soon. My deepest condolences to her family and friends. She was a wonderful person to be around. I enjoy every moment I spent with her. We spent many hours dancing together, going to competitions together and meeting at the diner after a full Saturday night of dancing. We shared many problems and memories with each other. Thank you Sandy, for being there. You will be so sadly missed by all.

“ I am so heart broken and sad for the family of Sandy, I will not be able to make the service but I will be thinking of her. I am going to miss our talking on the phone and seeing her when I go back to Huntington. We had so many great conversation and she was looking forward to coming to the beach and visiting, Sandy always had a smile on her was just a great person. My condolences to her family .

“ I hate that i wont be able to make it. She is a very special lady. I meet sandy when she was working at st mary and she came to take my client up stairs and we talked about things and then i started back bowling and there she was and we became very close. And became a bowling family she loved her grand kids so much and her dogs. Oh how she will be missed.

“ Sandy was a beautiful spirit. We grew up together competing as skaters, but more importantly, as a family of friends. My Parents knew her parents and no matter what happened, they spoke highly of them and their daughter who was one of the best skaters in the area. She was athletic and graceful and achieved nearly every award offered a skater who had the skill to compete at the National level. We reconnected in the past couple of years and shared memories of what was probably the best times of our lives. We even got together and went skating, one more time, just for the fun of it. She is loved by many and she will be greatly missed.
