“ Ann, Greg, Chris, and family, my heart is shattered and my mind cannot grasp the truth of hearing of Tom's passing. Your family has always been a special part of my life and memories because you always included me in so much more than just being a babysitter. Tom was like another father to me; Ann, you were like another mother, and the boys were my brothers! I can still see his smile and hear his laughter! I will always hold him close to my heart with endearing memories of those precious years. May God comfort you with the peace that only He can provide in your time of grief. You were truly blessed with a great husband and father, as was I with such a friend. My prayers and love are with you always.

“ I never knew anyone who liked the smell of burning rubber like my Cousin Tommy. I have great memories of our times together. He's definitely the one who inspired my love for hot cars. RIP Cuz. You'll always be in my tool box of fond memories.
